How has the Fund Performed?	Are there any Guarantees?
The 2018 annualized yield for Class D shares was 7.19% and is anticipated to be 6.50% - 7.25% for this year.	No. Like mutual funds, the value of the MIC shares are based upon the value of the underlying assets.
Returns are after MER has been deducted.	

Who is the target market for this fund?

- A medium risk mortgage fund suitable for investors looking for improved yield in the bond plus 4% range and who are comfortable with the risks involved in interim mortgage financing.
- Investors who are able to make a mid to long term investment.

Management Expense Ratio (MER) 1.50% Management Fee: The fund pays a management fee to BFSI. Operating expenses: These are the day to day costs of operating the fund. 0.54% Management Expense Ratio. This is the total of the management fee and operating expenses. 2.04% **Profit Participation** The fund has established a target rate of return of Government of Canada 2 year bonds plus 4.0% for Class D Shares. Once this level of return has been achieved any income above this amount is shared with BFSI on a 75% Investor/25% BFSI basis. **Other Fees** Transfer fee: \$75 plus GST to transfer shares to another account. Liquidity: ٠ Notice required 60 days before fiscal quarter end (March 31, June 30, September 30 & December 31). Payment is made 1 month after the guarter end and in the case of Dec 31 year end, 2 months after the year end. Payment is subject to available funds. The mortgages held by the company are contractual obligations and are not readily liquid assets. While the Fund Directors attempt to provide liquidity when requested, investors should be aware that liquidity is dependent on loan maturity and repayment of mortgages.
